

AT CRIS
CONSULTING & IMPLEMENTATION

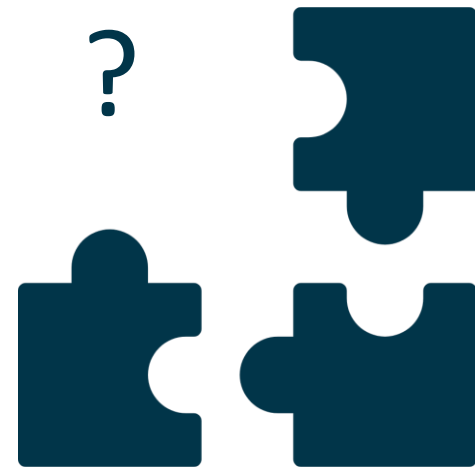

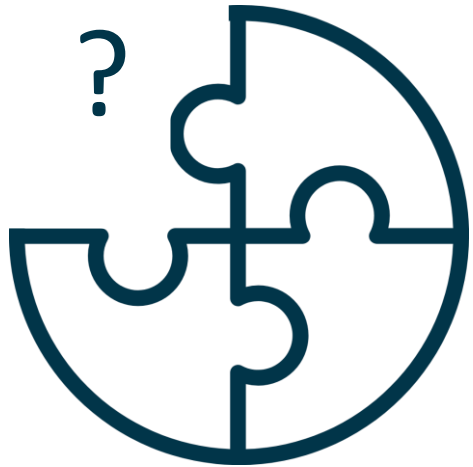

Close the gap

@ euroCRIS Membership Meeting 2023

Brussels, June 1 2023

The University / Research organisation without a CRIS / RIMS

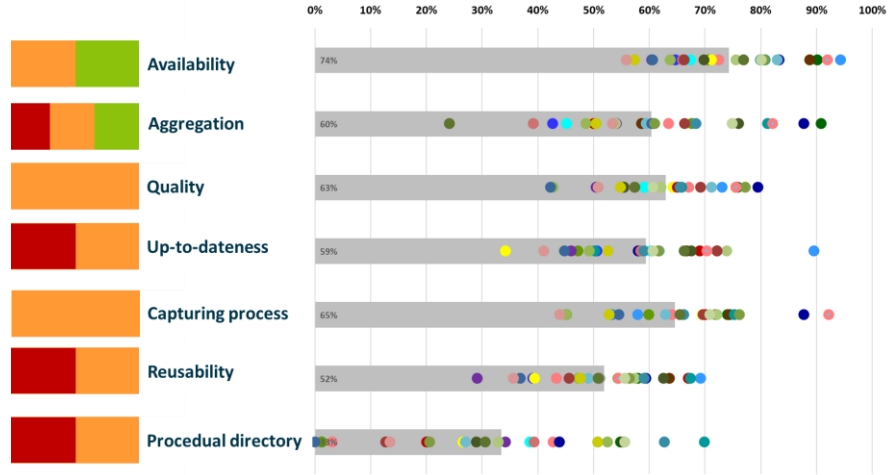

Organisations show a variety of
Processes | Data | Infrastructure | Mission

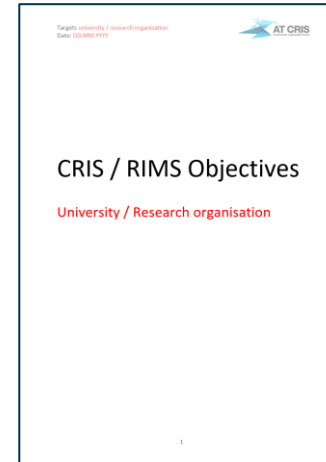

looking for the puzzle piece called CRIS / RIMS to close the gap to improve your
research management

Be prepared for the CRIS / RIMS

Know your starting position

Define CRIS / RIMS objectives / benefits

and know your CRIS / RIMS use cases:

Microsoft Excel-Arbeitsblatt

Planning / Resource Allocation / Priorities

Phase	Management	Project management	Project team	Data experts	System experts	Stakeholder	Staff Council	Data security	Support team	User	Sum/total effort
Phase 1: As-is analysis	1,1	3,6	0,6	6,0	-	0,6	-	-	-	-	11,9
Phase 2: Targets & Prio	0,9	20,0	5,4	-	-	0,3	-	-	-	-	26,6
Phase 3: Readiness	0,5	50,0	10,0	-	43,0	15,0	-	3,0	-	-	121,5
Phase 4: Purchase	-	-	-	-	-	-	-	-	-	-	-
Phase 5: Implementation	0,4	40,1	24,1	-	45,0	0,1	3,0	3,0	-	-	115,7
Phase 6: Operation	0,1	10,0	15,0	-	-	-	-	-	4,0	0,4	29,5
Estimated efforts	2,9	123,7	55,1	6,0	88,0	16,0	3,0	6,0	4,0	0,4	305,0

Close the gap

„System implemented“

„Solution implemented“

Resources, Time, Expertise are critical factors to shape the CRIS / RIMS as a proper solution for the organisation:

- Customizing (layout, data model, processes, reports)
- Integration into the internal and external IT infrastructure
- Proper master data
- Full process integration
- Implementation of benefits
- Data cleansing, preparation and migration
- Implementation of the bits and pieces that make the CRIS / RIMS the solution that fits
- [...]

...some of the highlight gaps we closed for one of our customers – going live very soon:

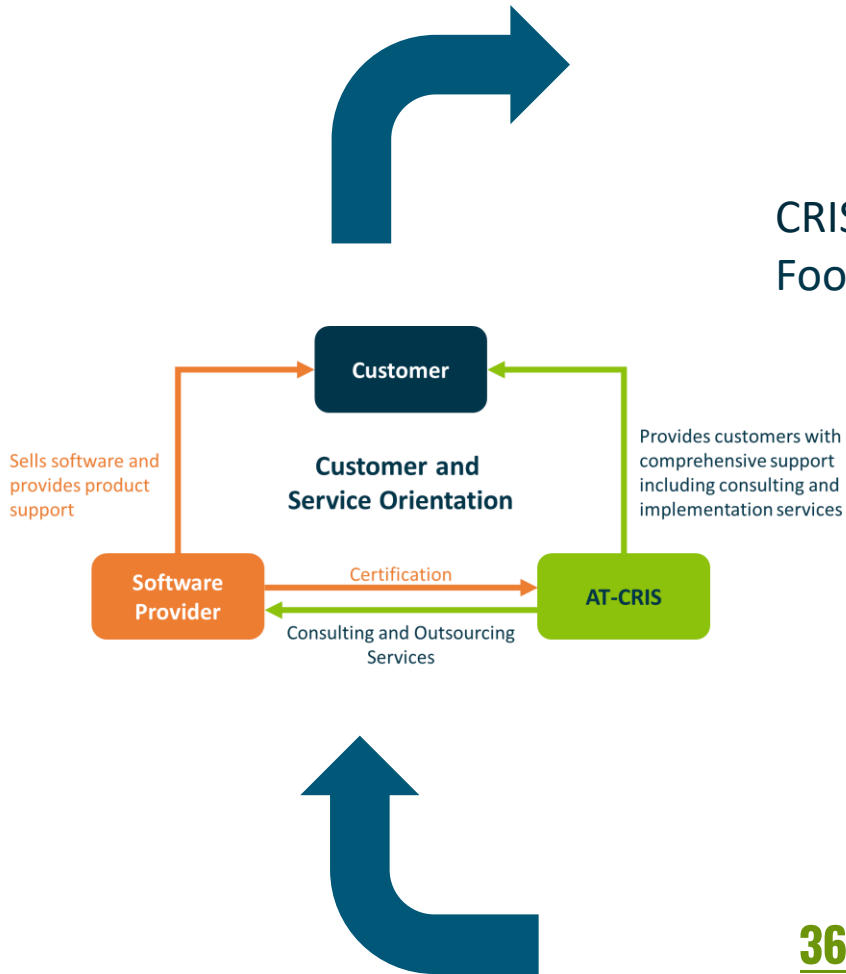

- ✓ fully automated master data integration from SAP and the Staff and Department directory
- ✓ fully automated integration of projects database
- ✓ fully automated repository to CRIS / RIMS integration
- ✓ additional customized VIVO for the public presentation
 - ✓ incl. data from CRIS and Staff and Department directory
 - ✓ compliant with the data privacy requirements

based on our (VIVO) data integration app

We will communicate via our LinkedIn channel as soon as the university is live:

<https://de.linkedin.com/company/at-cris>

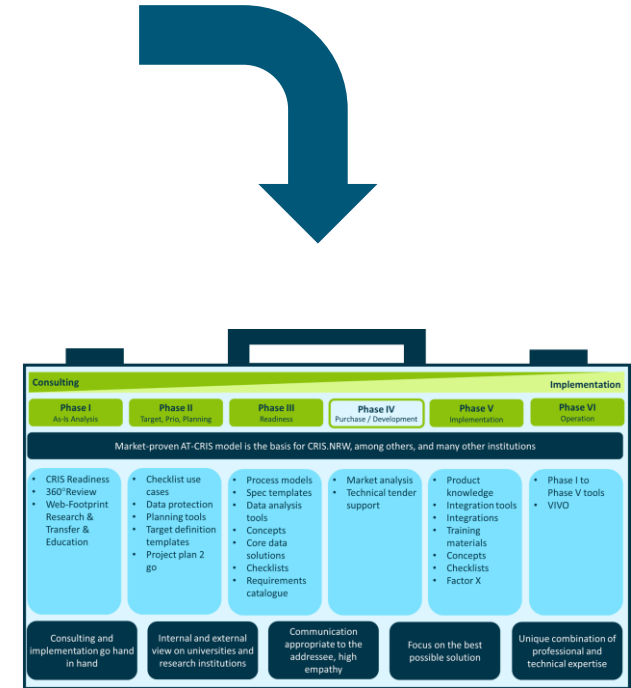

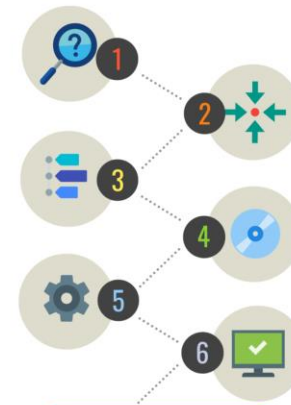

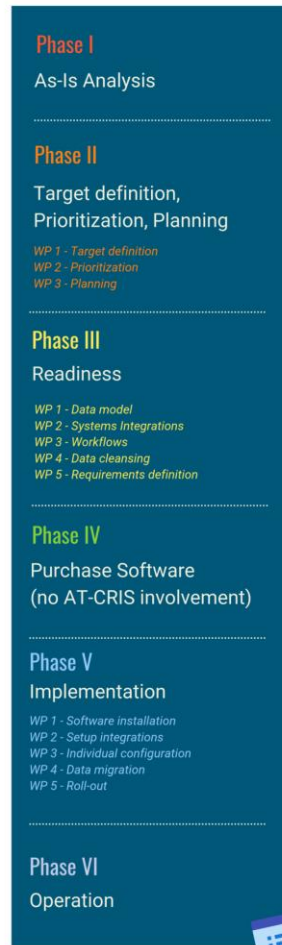

This is how AT-CRIS closes the gaps

6 Steps

towards a successful **Product Implementation**

CRIS Readiness Footprint

AT-CRIS in a Nutshell
