

euroCRIS Membership Meeting
Deutsche Forschungsgemeinschaft (DFG)
Kennedyallee 40
53175 Bonn, Germany
May, 13-14, 2013

PROGRAMME

v. May 3rd, 2013

I. About the Membership Meeting

euroCRIS membership meetings are held twice a year and combine the organisation's business matters with a minisymposium on Current Research Information Systems. The aim is to involve the members actively in euroCRIS actions and projects and to reach out to regional communities. The meetings are therefore held in different countries and have mutual promotional value, both for euroCRIS and the host countries' communities.

II. Organising Committee (Bonn 2013)

Barbara Ebert (Leuphana Univ.Lüneburg)	barbara.ebert@uni.leuphana.de
Christian Fischer (DFG)	christian.fischer@dfg.de
Jürgen Guedler (DFG)	juergen.guedler@dfg.de
Holger Hahnen (DFG)	holger.hahnen@dfg.de
Harrie Lalieu (euroCRIS)	eurocris@eurocris.org

III. Topic Session

The special topic for the meeting is: "On the way to agreed national and international classification schemes". The choice reflects the growing need mainly within national surroundings to exchange data for evaluative and/or monitoring purposes. Up to now such data collections are usually a heavy burden for all organisations involved. Main reasons for this are inconsistent definitions of research fields (e.g. disciplines) and indicators (e.g. amount and date of funding; type of publications). The main approach to reduce the work load can be seen in the use of commonly agreed classification schemes. The meeting will give room for the discussion of approaches to such agreements and best practice examples from different countries.

IV. Format

2 day meeting; plenary sessions and interactive workshops

V. Participation

- Members of euroCRIS
- Interested audience of the host country

VI. Programme

Sunday, May 12th, 2013

Venue:

Brauhaus Bönnsch (www.boennsch.de/)

Sterntorbruecke 4

53111 Bonn

WHEN	WHAT	Who
19.00	Welcome Reception	All participants

Monday, May 13th, 2013

DFG Head Office

WHEN	WHAT	WHO
8.15- 9.00	Registration	
9.00-9.15	Welcome	J. Güdler, B. Ebert, H. von Kalm (DFG)
9.15-11.00	Business session	Chair: B. Ebert
9.15-10.15	Board's report to the membership	E. Simons, President / euroCRIS Board members
10.15- 10.45	CERIF-XML as exchange format for OpenAIRE plus (20 min plus comments / discussion)	M.K. Elbæk, Technical University of Denmark, Lyngby; N. Houssos, EKT/NHRF, Athens; B. Jörg, UKOLN, Bath
10.45-11.00	Update on UK landscape study: Adoption and use of CERIF CRIS in UK higher education institutions	R. Russell, UKOLN, Bath
11.00-11.30	<i>Coffee Break</i>	
11.30-12.30	German National Session: Section I	Chair: B. Jörg
11.30-12.00	Research Information in context – GESIS data visible, interlinked and re-usable	J. Steinberg, GESIS, Cologne
12.00-12.30	Living up to the promise: Use cases to reduce workload and increase quality for research documentation and marketing	D. Krahn and B. Ebert, Leuphana University Lüneburg
12.30-13.30	<i>Lunch</i>	

13.30-15.30	German National Session: Section II	Chair: A. Clements
13.30-14.00	Harmonizing classifications schemes for organisations and subjects between a local and a national CRIS	S. Herwig and C. Tusch, Westfälische Wilhelms Universität (WWU), Münster
14.00-14.30	Building the Core. The Process to Standardize a Core Data Set on Research Activities in Germany	B. Miller, Wissenschaftsrat, Cologne
14.30-15.00	Federal Research Database on Energy Research	H.-C. Wirth, Federal Ministry for Economy and Technology (BMWi)
15.00-15.30	Coffee Break	

Monday, May 13th, 2013 (continued)

DFG Head Office

15.30-18.00	Topic Session: On the way to agreed national and international classification schemes	Chair: T. Lingjærde
15.30-16.00	Institutional classification schemes in bibliometrics	M. Winterhager, University of Bielefeld
16.00-16.30	Health Research Classification Systems – Current Approaches and Future Recommendations [ESF Policy Brief]	M.M. Nogueira, ESF, Strasbourg
16.30-17.00	CASRAI Data Profiles in CERIF	B. Jörg, UKOLN, Bath, T. Höllrigl, AVEDAS, Karlsruhe and D. Baker, CASRAI, Ottawa
17.00-17.30	Standardization of classification schemes for evaluative and monitoring purposes – services of the DFG	C. Fischer, J. Güdler and H. Hahnen, DFG, Bonn
17.30-18.30	CERIF Tutorial – Jan Dvořák, TG Leader CERIF	
20.00	<i>Dinner</i> (Hotel Königshof, Adenauerallee 9, 53111 Bonn, www.hotel-koenigshof-bonn.de/en)	

Tuesday, May 14th, 2013

DFG Head Office

WHEN		WHAT	WHO		
9.00-11.00	euroCRIS interactive: Current projects of the Task Groups (rooms have 20, 30, 40 and 70 seats)				
		CERIF & Architecture	CRIS & Institutional Repositories	Best Practice & DRIS	Indicators Task Group

		Working towards a CERIF-CRIS reference implementation	Integrated CRIS and Repository systems overview	Developing a European Directory of Research Information Systems and a Best Practice Catalogue	Identifying and describing key indicators for research using CERIF
11.00-11.30	Coffee Break				
11.30-12.30	Jostein Hauge Session: Section I	Chair: J. Dvořák			
11.30-12.00	Innovative Open Source Technologies for a CRIS: SURplus, a CINECA's solution	S. Mornati and M. Mennielli, CINECA, Casalecchio di Reno (Bologna)			
12.00-12.30	Polish Scholarly Bibliography – first year	A. Nowiński, Interdisciplinary Centre for Mathematical and Computational Modelling (ICM), University of Warsaw			
12.30-13.30	Lunch				

Tuesday, May 14th, 2013 (continued)

DFG Head Office

13.30-15.35	Jostein Hauge Session: Section II	Chair: D. Baker
13.30-13.55	Application of selected SK CRIS system indicators to evaluation of R&D and technology transfer in Slovak higher education and research institutions	D. Zendulková & A. Shearman, Slovak Centre of Scientific and Technical Information (CVTI SR), Bratislava
13.55-14.20	The EWI LOD project: a pilot for a Research Information linked open data architecture	G. van Grootel, Flemish Government, Department of Economics, Science and Innovation (EWI), Brussels
14.20-14.45	Developing a system for research evaluation at Sapienza University	M. Schaerf, Sapienza University, Rome
14.45-15.10	Research performance assessment in interdisciplinary research: two case studies for Germany and the UK	M. Jägerhorn & W. Schüssler, AVEDAS, Karlsruhe

15.10-15.35	Integration of research funding information into CRISs	A. Esch, ELFI, Bochum
15.35-16.00	Closing of meeting by euroCRIS President	
16.00-17.00	TG Projects	

Wednesday, May 15th, 2013

Venue:

University of Bonn

Room: "Großes Dozentenzimmer"

Regina-Pacis-Weg 3

53113 Bonn

09.00-17.00	Meeting of CERIF Task Group
--------------------	------------------------------------

VII. Registration

Via the euroCRIS website (<http://www.eurocris.org/Bonn/>)

The following payments are invoiced following registration

- If you register for the Dinner on May 13th: 40 €
- If you are a non-member: 50 € (speakers excepted)

VIII. Follow-Up

- PDFs of the presentations will be published via www.eurocris.org
