

euroCRIS / EUNIS Collaboration

euroCRIS Strategic Membership Meeting

Amsterdam – 11-12 November, 2014

What is EUNIS today?

More than 2000 professionals

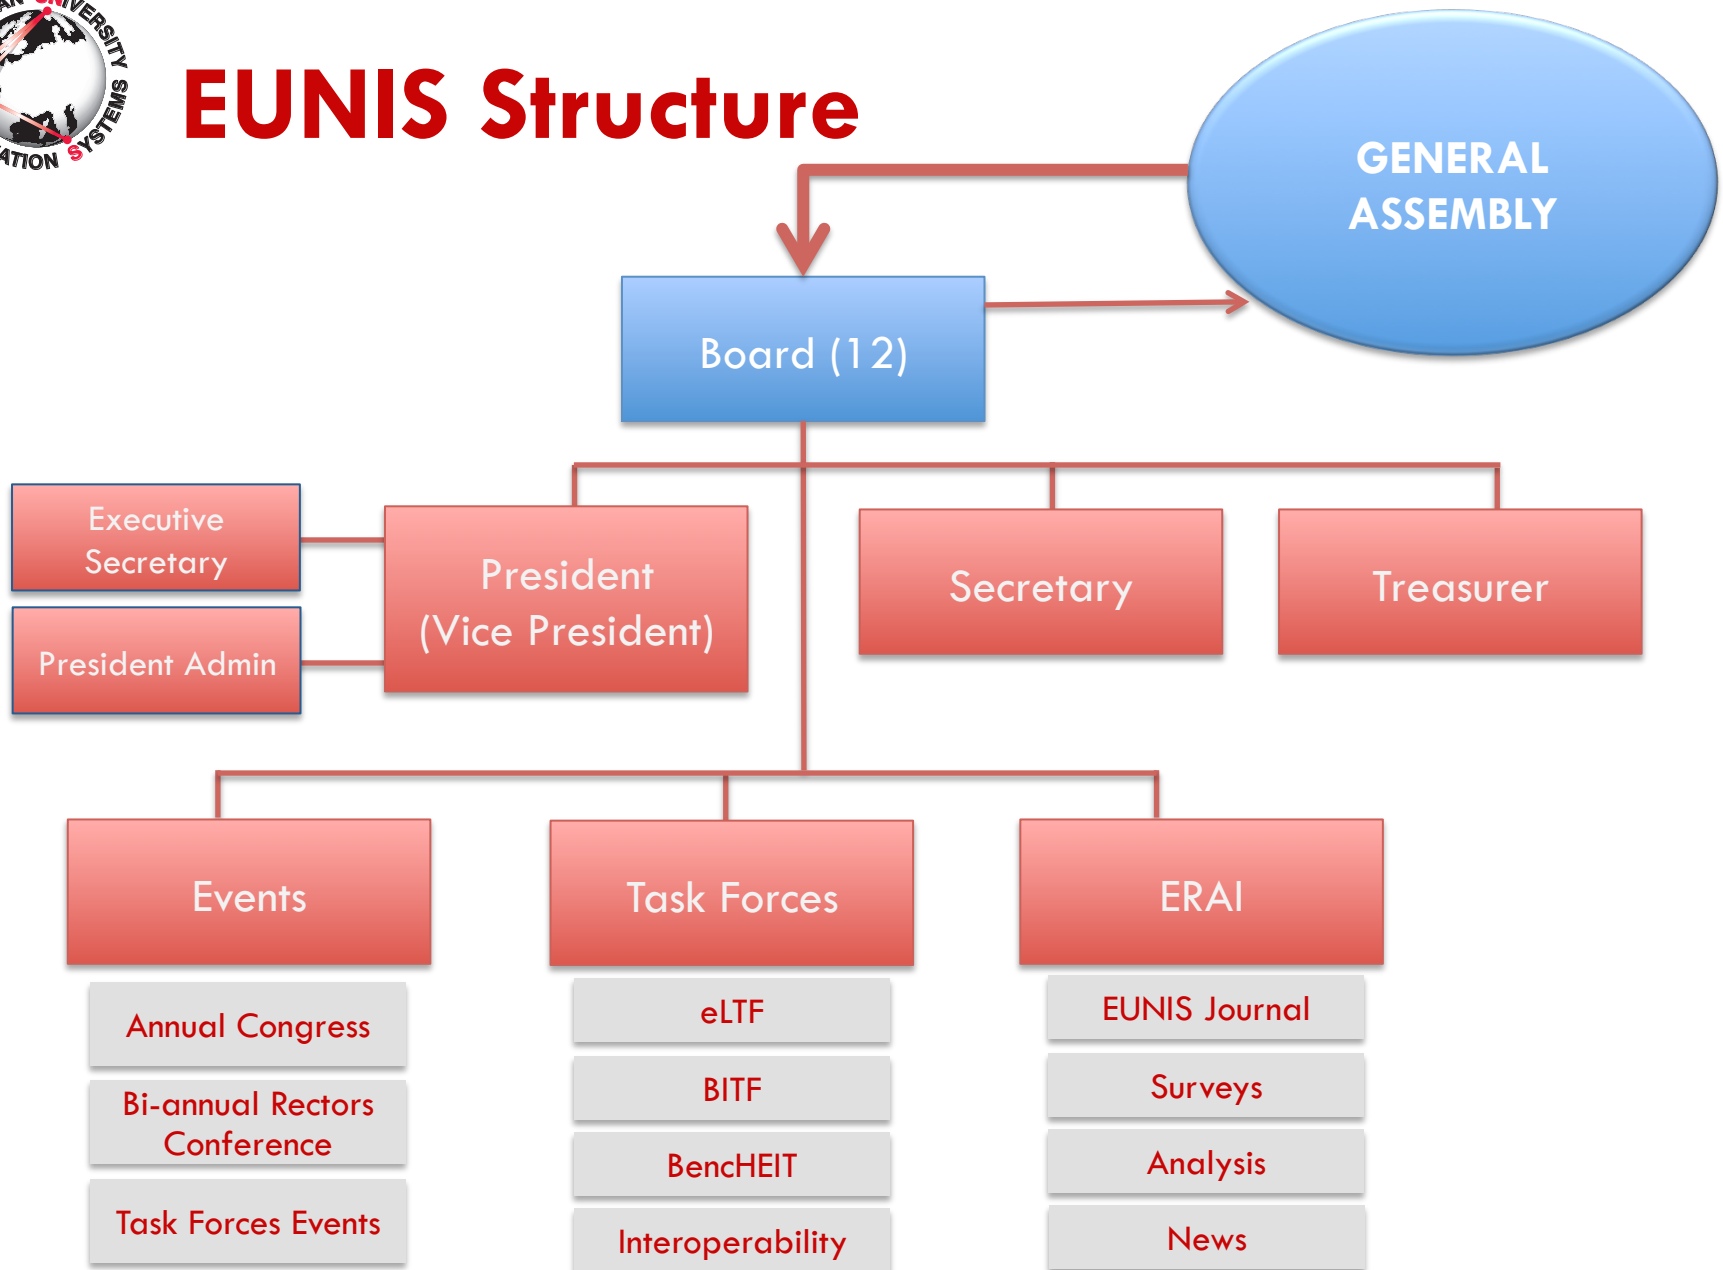

120 different Institutions

More than 30 Countries

19 Consortia and Organisations

EUNIS Structure

Partner Organisations

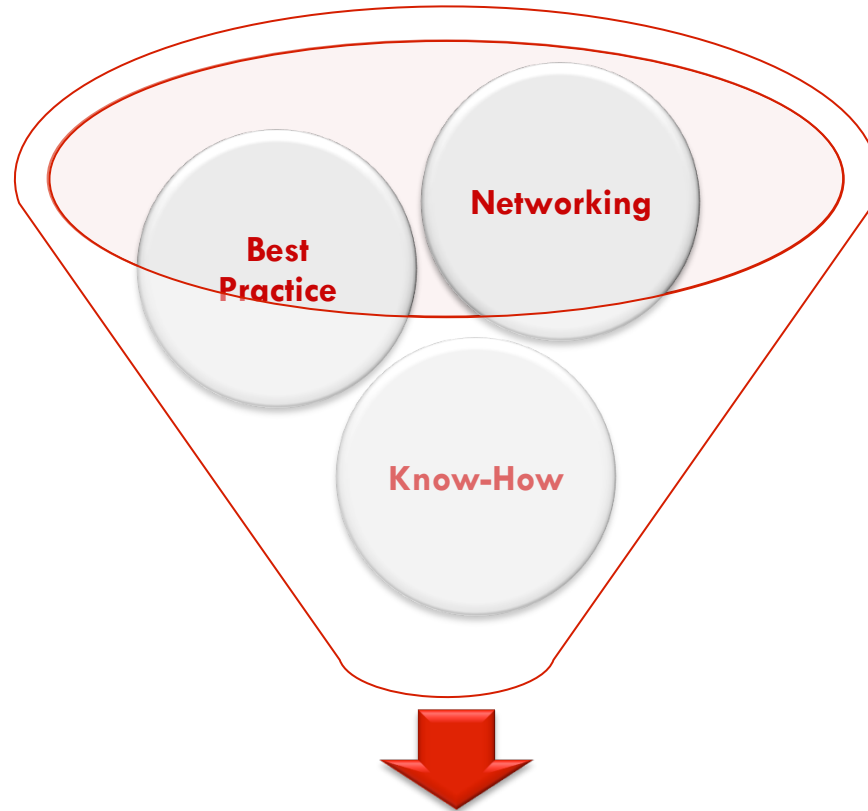

What EUNIS offers to the Community

What to do and Why

To identify common issues and work on them together

To cooperate with the EC for the development of EHEA

What can be done together

The Interoperability Task Force

- Started in 2007: **Rome Student Systems and Standards Group (RS3G)**
 - Mobility Project: a web services based infrastructure for the exchange of Erasmus and related information between higher education institutions
 - promotion, development and early adoption of standards
- **Erasmus Without Paper:**
 - 21 Partners from all over Europe
 - Enable repositories to communicate to each other
- **EMREX and LOIS:** two new projects

LOIS: Learning Opportunities Information System

ECTS: European Credit Transfer and Accumulation System

MLO: Metadata for learning Opportunities

OPEN BADGES: Issue learning outcomes as open badges

Digital Objects: Store any digital object about the course, e.g. pdf documents, video files, archives, etc.

Website: Publishes the course catalog to the web

Next Steps of the project

- Scaling and making it **OPEN**;
- Open **Badges**: the new interoperability tool;
- EUNIS call for participation;
- Workshop on Open Badges in February (with Mozilla Foundation?);
- Badge Factory for events.

EUNIS euroCRIS cooperation

- **Synergies**
 - Interoperability
 - Joint TF?
 - ERAI contribution?
 - Joint activities in targeted Countries (workshops, webinars, etc.)
- **Increasing awareness**
 - Technical challenges (CIO's & CIO's teams)
 - Organizational and administrative challenges (rectors, vice-chancellors, presidents...)
 - CRIS track @ EUNIS congresses?
- **Identify current interoperability environment**
 - PT-CRIS / DRIS collaboration example
- **Joint applications for funding (...H2020)?**
