FUTURE

- By the end of 2024, RIS Synergy & therefore our lead of the CRISCROS WG will come to an end
- Q1: WG deliverable report
- Discussion: (How) Shall we continue?
 - One member institution takes over the lead and continues the working group in the same format as before
 - A member institution takes over the lead and we find a new format that is adapted to the needs of the members.
 - We end the formal collaboration in the working group and conclude the CRISCROS project with a presentation of the deliverable at the beginning of 2025.
 - Need for new working groups for informal exchange on other topics?
