

The background is a dark blue field filled with various colorful geometric shapes: small circles, plus signs, crosses, and diagonal lines in shades of orange, teal, and pink. The Worktribe logo is positioned in the top left corner.

Worktribe.™

A one platform approach to research management

Jon Hackney, Worktribe

Joint euroCRIS + EARMA panel

Where it all started...

- Nottingham, 1992
- Founded in 2002
- Focused on HE in 2011

Trusted by leading universities.

Driven by user-led innovation

- Active online community
- Special Interest Groups
- Annual conference

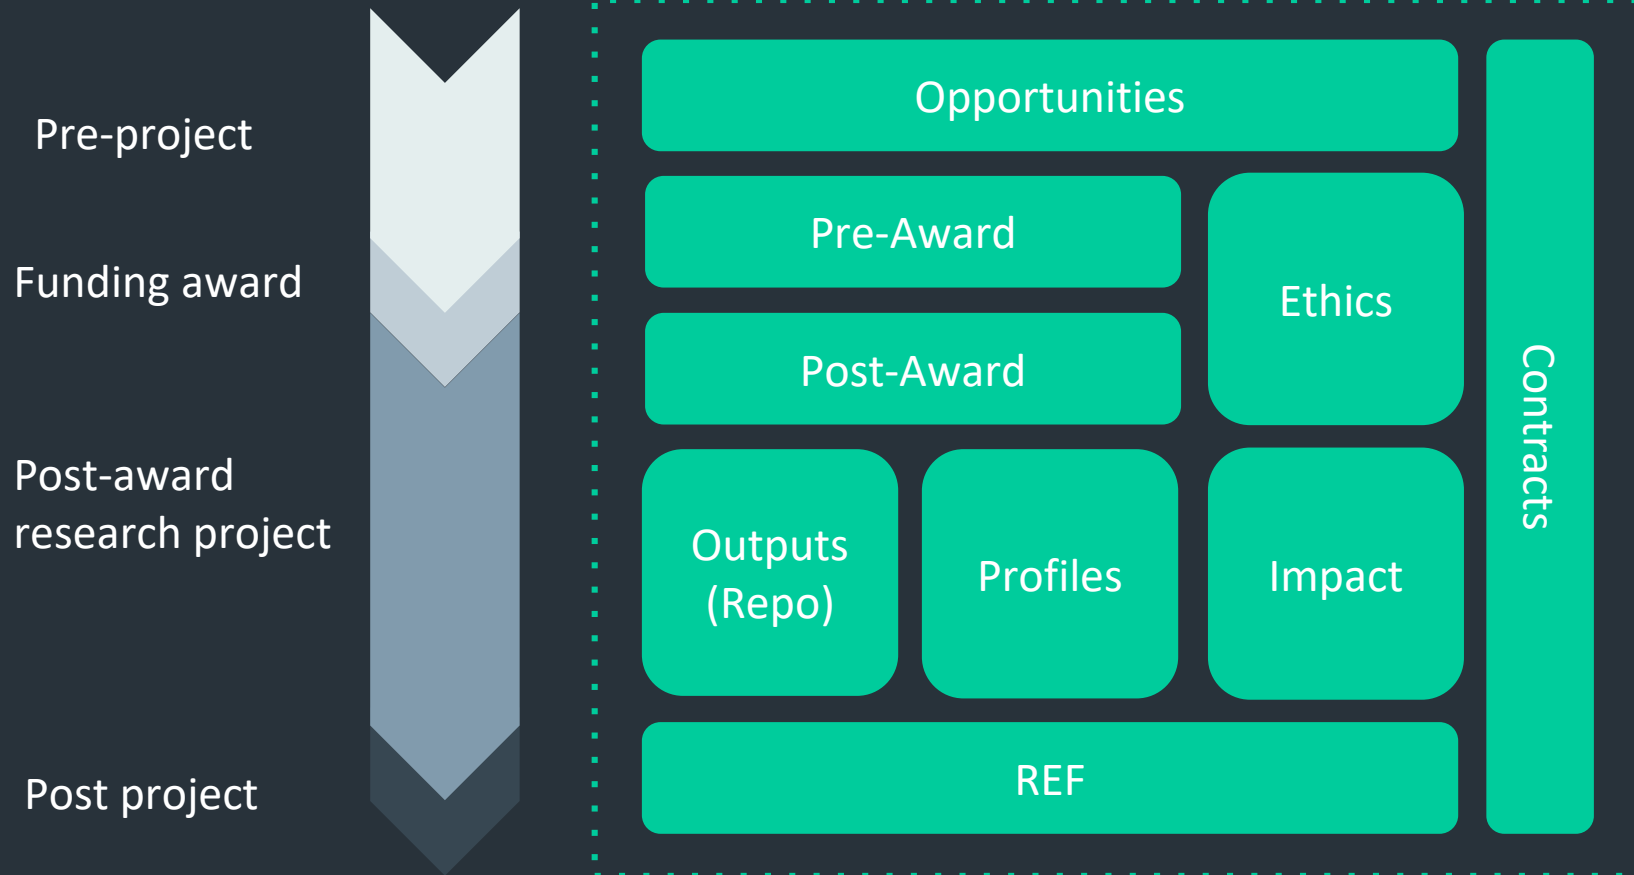

A shared vision.

To work **together** to develop a futureproof cloud-based platform that enables:

- More collaboration
- More transparency
- More efficiency

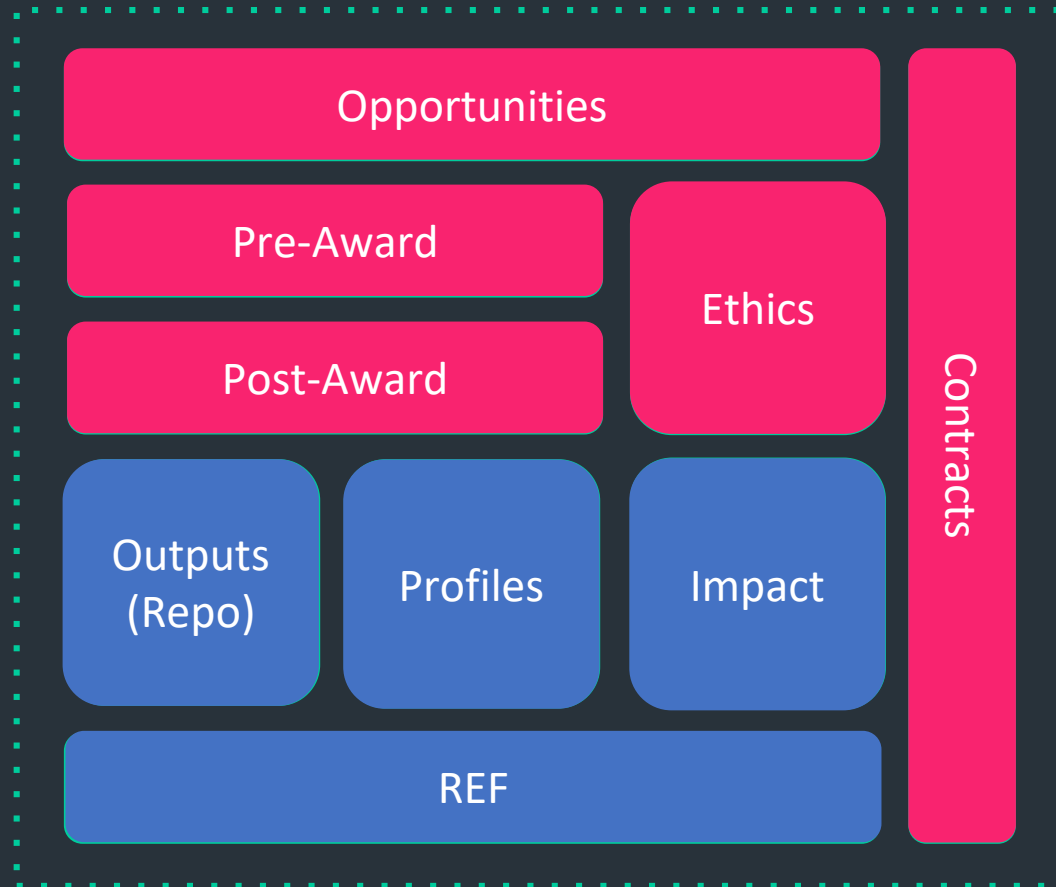

Worktribe.TM Research

Worktribe.TM Research

RMA

RIM

Worktribe.TM Research

- Simply everything in one place
- Configurable software platform
- Open API for integration

Why one platform?

- One platform for academics to manage their research projects across the research lifecycle.
- A single source of research project information, for better reporting (BI and MI).
- More accountability and transparency.
- Faster implementation, easier integration

The background is a dark blue field filled with a pattern of small, colorful geometric shapes including circles, squares, triangles, and lines in shades of orange, teal, and pink. The Worktribe logo is positioned in the top left corner.
